

# FLOOD RELIEF

God has promised that His Spirit is with us in all times and in all places. God will bless what we do and give us strength and hope to see us through. Do you have family or friends in other areas that are having difficulties and do you know of specific needs that this church can meet? Do you just need to talk?

Starting July 10th we will be sending teams to do recovery work every Thursday and Saturday for the rest of the summer. If you wish to help please check your calendar and let us know when you are available. We will send the van as long as we have enough riders. You will need to be flexible and willing to get dirty. We will let you know a few days ahead what you will be doing. The nature of disasters is that they move quickly and things change constantly, so bring your understanding and "Gumby" attitude. Do you have suggestions, talents, equipment that can be of help?

## NEEDS:

- \_\_\_\_ Willing to work on recovery efforts.
- \_\_\_\_ Willing to coordinate teams and make phone calls
- \_\_\_\_ Provide a meal, treats or drinks for teams
- \_\_\_\_ Donate supplies as requested
